## GENERAL HUMPHREY TO REPLY TO CHARGES

WASHINGTON, D. C., August 22.—
General Humphrey, quartermaster-general, whose department was so severely arraigned in the report of Brigadier-General Carter, returned to the War Department, but remained only a short time and will be absent for a few weeks. It is probable that General Humphrey will make an official reply to the strictures of General Carter, and point out a few matters, which, he says, the General overlooked when he made his criticisms. He says it would be impossible to give department commanders free rein in the matter of expenditures, because the revised statutes prevent it, and expressly say that certain expenditures must be made only upon the approval of the Secretary of War. Another feature, which General Humphrey mentions, is that if there was a free hand to department commanders there would be no way of equalizing the appropriations.

Judge Hanckel Places Heavy Reported that Union Pacific May Hand on the Clubs Without License.

Will Have No Allowance of Time from His Four-Year

(Special to The Times-Dispatch.)

NORFOLK, VAL August 22.—The seven social clubs, of Norfolk, whose license were revoked by Judge Hanckel, have received another hard blow, the judge to-day signing an order directing that the clubs quit business until their cases liave been passed on by the Court of Appeals to which they have been taken.

After the revocation of the licenses and the appeals to the higher court had been noted, the clubs kept running as if nothing had happened. This did not suit Chief of Police Boush and Commonwealth's Attorney Tilton, and the order of Judge Hanckel was asked for and granted.

According to the order the clubs cannot sail or give liquer of any kind to its patrons.

Fare Will Be Five Cents.

The line, it is said, will cost in the noighborhood of \$15,000, and will be constructed at once. If it is possible a double Y will be installed at the Broad Street connection, so that it will be possible to run every car in the city direct to the grounds.

The fare will be five cents.

A letter was written to President Henry Stuart yesterday by Messrs, Northrop and Wickham, receivers, informing him of the determination of the Virginia Passenger and Power Company to build, the line.

senger and Power Company to build the line.

Mr. Stuart is at his country home in Russell county, and the letter was forwarded to him there.

It is estimated that the street car company can handle 5,000 passengers an hour, and indeed, this was done on the last Fourth of July at Idlewood; but as it is thought that 50,000 persons will visit the Pair Grounds dally, the refroad companies will have their fair share of transportation business.

The truth is that the street car company is proving itself a benefactor to the public, for while the railroad companies will charge the cents each way, the street car company will only charge the regular fare of five cents.

Bryan's daughter, Mrs. Ruth Bryan-Leavilt, has written a playlet, entitled, 'Mrs.
S. Holmes, Detective,' which is to be
presented this week at Keith and Proctor's Union Square Theatre by Maude
Tumer Gordon and company.

Mr. Bryan has promised his daughter
that one of the first things he will do
after reaching New York will be to see
the play, it is expected that he will be
on hand Friday evening, August Sist.

Mrs. Leavitt, writing last week to Miss
Gordon, said: It have just had a letter
from father. He is tremendously interested in the play, and devoully hopes it
will prove successful and bring credit to
the name of Bryan. You know he has not
entirely lost his personal interest in the
stage, aven though his own career on it
was a brief and not altogether an important one."

#### Sell Out \$100,000,000 Holdings.

Securities Involved Are Those of Northern Pacific and Great Northern Companies.

NEW YORK, August 22 .- Plans for the formation of a syndicate to take over the Great Northern and Northern Pacific stock held by the Union Pacific, which were proposed several months ago, have In circles usually well informed concerndetails have not yet been fully deter-

details have not yet been fully determined.

The Union Pacific, at the date of its inst annual report, held \$18,085,259, par value, of Great Northern preferred, \$24,295,525 of Northern Pacific and \$12,2850,000 of the stock of the Northern Securities Company, which has since been exchanged for its proportional share of Great Northern and Northern Pacific.

These holdings represented only a part of the stocks of these two roads, which were acquired by the Union Pacific in the course of the dissolution of the Northern Securifies Company. A large amount had been sold prior to the date of the last annual report, and it is understood that the Union Pacific's holdings of these stocks have been further reduced since then. The Harriman road, however, is believed to be still the owner of large blocks of Northern Pacific and Great Northern preferred, and the purpose of the proposed syndicate is to take over these holdings.

At the present prices for Northern Pacific and Great Northern stock held by the Union Pacific at the date of the last annual report, and more than \$51,000,000 to purchase, the Great Northern Pacific holdings.

Any syndicate formed to purchase these stocks would amount, therefore, to more than \$100,000,000, providing the amount of these two stocks sold by the Union Pacific since the date of the last annual report, and more than \$51,000,000 to acquire its Northern Pacific holdings.

Any syndicate formed to purchase these stocks would amount, therefore, to more than \$100,000,000, providing the amount of these two stocks sold by the Union Pacific on June 30, 1905.

It was reported in the financial district to-day that the Northern Pacific management has in contemplation an issue of stock amounting to about \$30,000,000, set that the Union Pacific, unless it disposes of its Northern Pacific holdings before this new stock is issued, may in the near future have occasion to increase its holdings of Northern Pacific. While it some quarters the probability of an issue of stock by the Northern Pacific was discredited, a director of the Northern Pacific was discredited, a director of the Northern Pacific would not deny to-day that such an issue might be made, although he did say that so far no formal action looking to an increase in the road's capital stock has been taken.

The of-culation of these reports increases Wall Street's interest in the return to this city of James J. Hill, who is expected to-mo row. Mr. Hill, it was said by his friends to-day, has been in

turn to this city of James J. Hill, who is expected to-mo row. Mr. Hill, it was said by his friends to-day, has been in the West to perfect the title of two lots of ore lands which are included in the Great Northern's holdings. According to the report, the attorneys of the United States Steel Corporation found some objection to the titles to these two pieces of land.

It was for the purpose, it was said to-day, of straightening this matter out in anticipation of bringing the magnificant for the lease of the great Northern's ore lands to the Steel Corporation to a conclusion that Mr. Hill made his trip to the West.

freight and passenger officials of the Southwestern railroad lines met at the Waldorf Astoria Hotel to-day for the purpose, it is said, of receiving and considering an interpretation of the Hepburn railroad rate bill. The interpretation of the law had been referred to Judge Baxter, or Nashville, Tenn., but he advised a conference of the general traffic managers, which was held recently at Atlantic City. The answers to the various questions relating to the law were formulated, it was stated at that time, but were not in shape for submission to the railroad officials for their guidance.

The submission of a general line of action for compliance with the law was the reported object of the meeting to-day. It could not be learned after the meeting who were present. The law will become effective August 29th.
